## Who are we?

Beijing Huanyu Zhida (HYZD) International Education Consulting Co., Ltd., established in 2012, is an integrated education service provider in China. HYZD International Education aims to provide professional services for institutes throughout the nation. Keeping the idea of advancing educational communion and cooperation worldwide in mind, HYZD International Education also collects and integrates quality teacher resources from China and foreign countries. The main goals are to embrace the global development of education and train international talents with a global perspective.

## What do we do?

The company's current programs include recruitment and management of foreign teachers, teacher training by foreign education experts, overseas training, featured language camps, international study tours, language learning training for teenagers, etc.

## Why us?

We are a professional team.  
HYZD provides high quality foreign teacher resources to all business partners. This is an "all inclusive" service that includes recruitment, visa application, training, and other services, as well as, competitive salaries.

## Multiple Positions

As of now, HYZD has already built steady and long-term relationships with the foreign teacher departments from more than 150 public kindergartens, elementary schools, and middle schools. In addition, we also have a good cooperation with international schools and training centers.
