Candidate Information Pack

International Teacher

Recruitment 2018 - 19
Dear Candidate,

Thank you for expressing an interest in becoming a teacher at Nazarbayev Intellectual Schools, Kazakhstan.

The Nazarbayev Intellectual Schools (NIS) are a national network of 20 maths and science-oriented trilingual (Kazakh, Russian, English) schools that are helping to spearhead education reform in Kazakhstan.

The first Intellectual School was opened in 2009. All schools have been purpose-built, and are equipped with leading-edge laboratories. To ensure that its educational programmes meet international standards, NIS cooperates extensively among others with Cambridge University, Johns Hopkins University and the University of Pennsylvania. NIS is now also working with other schools in Kazakhstan to share its experience with them.

Kazakhstan is a progressive, rapidly-developing, peaceful, stable and prosperous country. Whether you are looking to add an international dimension to your CV; to experience working with highly-motivated gifted and talented students; or, to partner with a team of expert local and international educators, we believe the Nazarbayev Intellectual Schools represent one of the most engaging, enriching and inspiring educational projects anywhere in the world!

We are currently looking for secondary school teachers in the following subject areas: Mathematics, Physics, Chemistry, Biology, ICT, English language, Economics, Visual Arts. We are also seeking Primary class teachers with IB Primary Years Programme experience.
Why Teach in Kazakhstan?

Kazakhstan has one of the fastest growing economies in Central Asia, exporting wheat, textiles and livestock, as well as uranium and oil. With a growing economy, Kazakhstan is reforming its banking system, developing a pension scheme for citizens and investing in the education sector.

Teaching in Kazakhstan is a wonderful opportunity to:

• help to build a nation through education reform
• participate in and contribute towards programmes of professional development on a national scale
• live in a safe and welcoming culture
• experience its rapidly developing quality infrastructure and services
• enjoy a rewarding personal experience
NIS - Schools in Kazakhstan

Kazakhstan is a transcontinental country located in Central Asia and Eastern Europe, and is the largest landlocked country in the world. It is bordered by China, Kyrgyzstan, Russia, Turkmenistan, and Uzbekistan. The terrain extends west to east from the Caspian Sea to the Altay Mountains, and north to south from the plains of Western Siberia to the deserts of Central Asia.

There are currently 20 Nazarbayev Intellectual Schools located nationwide.
NIS Mission

To enhance the intellectual capacity of Kazakhstan through the development and implementation of an innovative, mathematics and science-orientated, trilingual, model school system that integrates the best of Kazakhstani traditions, and that meets international standards of best practice.

Students

NIS students are admitted to Grade 7 based on a test developed in cooperation with John Hopkins University and CITO. Students are also expected to demonstrate a track record of academic success. NIS students are typically highly gifted and talented, and are motivated to succeed. Students are able to attend NIS free of charge.

The Curriculum

Our school curriculum was developed in co-operation with the University of Cambridge.

The curriculum stresses:

- supporting student-centred active and autonomous learning
- encouraging creative and critical thinking
- integrating the appropriate use of ICT
- building research skills
- integrating content and language learning
- supporting learning skills development
- building communication and co-operation skills
- developing the habits and skills required for lifelong learning
- using criterion-based formative and summative assessment, that supports students and teachers in improving their learning and teaching practices.

Some of the traditional strengths of Kazakhstani schools include an emphasis on:

- rich academic content
- science and mathematics orientation
- love country
- acceptance of other cultures and diversity of opinion
- prioritisation of academic achievement
- participation in intellectual Olympiads.
JOB DETAILS

Teaching and Learning

- To deliver excellent lessons week in, week out.
- To coach others to deliver excellent lessons week in, week out.
- To provide on-going, specific and individualised feedback to students and teachers on a regular basis.

How to Apply

The Recruitment period for the academic year 2018-19 runs from February - August 2018. NIS representatives also attend Search Associates recruitment fairs during this period.

Candidates wishing to apply are encouraged to visit the NIS website (www.nis.edu.kz, http://careers.nis.edu.kz/)

All applicants are required to submit:

- Letter of application
- Current CV / Resume with photograph
- Two referees with full contact details (names, addresses, email addresses and telephone numbers - landline and mobile)

All applications should be sent to Almira Moltabayeva, NIS Human Resources Manager at moltabayeva_a@nis.edu.kz.

Applications will be acknowledged and then evaluated against the selection criteria.

Interviews are conducted face-to-face at recruitment fairs and by Skype (Due to the number of applications received, only short-listed candidates will be notified).

Successful candidates will be required to provide copies of original documentation, including proof of identity and certificates.
