WHERE THE JOURNEY OF **LEARNING, DISCOVERY**
AND **ADVENTURE** BEGINS...

RICHARDSON ACADEMY 科瑞迪幼儿园成立于2003年，是一所与国际幼儿教育理念全面接轨，致力于中西方文化相融合的高端幼儿园。为幼儿开启“学习、发现和探索的旅程”，鼓励幼儿自主认知和探索世界万物，建立积极的学习态度和受益终身的自学能力。开创浸泡式“双母语”教育模式，建立幼儿英文的母语式思维方式。

随着多语言技能需求的日渐提高，培养双语技能越发重要。孩子越早沉浸在双语环境中，就越发自然地提高双语使用的能力。

外教来自以英文为母语的国家，持有外国专家资格证，拥有教授幼儿学习英文的资质。以专业的态度，融入丰富的教学经验，开创浸泡式“双母语”教育模式，建立幼儿英文的母语式思维方式，让幼儿成为听、说、读、写全面发展的双语小精英。

RICHARDSON ACADEMY 将为幼儿提供独特的双语课程及西方化的早期教育，建立双语能力的同时培养他们的自主学习和思考能力、想象力、创造力和高情商，让幼儿成为卓越的问题解决者。

RICHARDSON ACADEMY 的课程由新加坡幼儿教育专家团，针对中国幼儿量身订制，通过多元化的主题式学习活动教授给幼儿。

参观学校的家长们，不约而同地称赞我们，热情友好的教师风貌、宽敞明亮又舒适的环境、多元化的主题式教学、“双母语”思维建立、互相尊重和自主权的教育模式，都是您和幼儿的最佳选择。

Established in 2003, Richardson Academy is a prestigious kindergarten that has an international concept of early childhood education. It is committed to the integration of Chinese and Western culture. It is a place where a journey of learning, discovery and exploration starts at an early age. We emphasize self-discovery in young learners and encourage them to explore the possibilities of the world around them. By establishing a positive attitude in the process, children develop the ability to self-learn, which will be beneficial to them throughout their lifetime. Through creating a bilingual immersion environment, the children can develop a native speaker's ability to think in English.

Bearing in mind the increasing need for fluency in more than one language, children who are immersed in two languages from an early age develop bilingual communication skills naturally.

At Richardson Academy, all the foreign teachers come from countries that whose official language is English. They hold foreign expert certificates and are qualified to teach young learners. With a professional work ethic and many years of teaching experience, teachers provide the children with an English immersion school environment. They help the children to build a way of thinking in both languages, and to learn English from listening, speaking, reading and writing.

Richardson Academy provides a unique curriculum in both English and Chinese as well as a western methodology in early childhood education. We build the skills of self learning, thinking, imagination, creativity and emotional development, while guiding the children to become problem solvers.

The curriculum used in Richardson Academy has been designed by a team of Early Years Specialist in Singapore, specifically for China, to teach these skill areas through hands-on learning activities.

Parents visiting our kindergarten invariably comment on the warm and friendly manner of our staff, and on their professional and caring approach. Furthermore, with our extensive collection of the latest early years resources and equipment, our kindergarten offers the very best options for your child.

我们的理念 OUR PHILOSOPHY

- 所有孩子都有能力成为双语精英，只要我们提供每日半天的专业外教授课和好的语言示范。
- 营造西方化教育理念，趣味十足的主题式教学的整合课程，引领孩子踏上“开始学习，发现和探索的旅程”。
- 积极、互动式的学习环境，自主发现、探索和提问，令幼儿建立自主学习的能力。这种积极的教学方式在幼儿成长时期至关重要，因为人生中第一次上学经验将影响他们今后的学习态度。
- 经验丰富的教师通过观察，认可和区分幼儿的不同学习特质，引导他们建立想象力和创造力，以及思考、情感和生活等多方独立的国际化人才。

All the children have the capacity to become effectively bi-lingual provided they are immersed in English for half a day and have good language models.

We provide a Western educational environment with an exciting theme based integrated curriculum.

By providing an interactive learning environment, children develop the ability and confidence to explore and discover, question and create. This positive, hands-on approach to learning is crucial in the formative years, when children's first experiences at school can shape their whole future attitude towards learning.

Children have different learning styles that need to be identified and catered for by experienced and well-qualified teachers. The teachers help children to build their imagination and creativity, guide them to have their own thoughts, emotions and life skills and prepare them to become independent international elites.
