Shane English Changzhou first opened its doors to the public in 2007, and by 2016 had four separate schools around the city. In 2018 we will be expanding and are now seeking additional teachers for a one year contract. We also welcome couples and friends wishing to travel and work together.

We deliver a comprehensive training program to all new teachers. It covers relevant ESL skills needed for the job with a focus on the material we use in the classroom. Over 3-4 weeks you'll observe classes and receive regular feedback and support about your own classes. Making the move to China is an exciting experience and we provide all the help you need to begin your new adventure. After offering advice and guidance throughout the visa application process, our welfare officer will then meet you at the airport and bring you back to Changzhou. Paying for your hotel, we'll help you find an apartment that suits your needs. Our welfare officer will help you set up a bank account, phone, WiFi and anything else you require. We pride ourselves in having a positive working environment that is open and friendly. Teachers share ideas and classroom activities on a regular basis, both in the offices and at weekly topic focused workshops. With yearly team building days and seasonal company dinners, our staff often become more than just colleagues, they become lifelong friends.
