

# The Attached Middle School to JXNU Sino-U.S. Program

Honggutan New District, Nanchang, Jiangxi, China

## Hello and Welcome,

Please enjoy this overview of our International Program at the Attached High School to Jiangxi Normal University.

We are part of the most esteemed high school in Jiangxi Province.

Founded in 1954, our Binjiang and Qingshanhu campuses have more than 5000 students and 400 faculty members. It is the only top-ranked provincial school under the direct supervision of the Educational Department of Jiangxi Province. We have been recognized as:

- The Flagship High School of China
- The Chief Model School of Ethical Education in Jiangxi
- The Advanced Unit of the National Education Group
- The Experimental School of the Traditional Chinese Virtues
- The Model School of Olympic Education
- The Most Influential Middle School in China
- The Model Unit in the Development of Socialist Ethics and Culture in Jiangxi Province
- "Most Satisfying Education" by Jiangxi residents
- One of Top 100 Middle Schools in China (2005, 2007, 2009)
- The Chief Model School of Ethical Education in Nanchang
- The Sunshine Sports Advanced Unit of Nanchang City
- In December 2013, the school was honored as a "Science and Technology and Physical Education Traditional School" by the General Administration of Sport, the Ministry of Education, and the Ministry of Science and Technology
- The first official AP school in Jiangxi Province

Great to meet you,

*The Staff @ AHSJXNU*

[sdfzgj@126.com](mailto:sdfzgj@126.com)

100% of our graduates have been admitted by top 100 United States universities, with 30% of our students earning scholarships.

75% of our students, 80% of our science students and 55% of our liberal arts students, were admitted to top-tier universities.

A program that's increased staff size more than 50% the last two years.

## Live

Nanchang is the capital of Jiangxi Province. Over 5 million people live in this safe prefecture with practically non-existent crime rates. Our earnings to cost of living margin is probably the largest you'll find out side of the Middle East, and enough to save money and travel (numbeo.com).

## Work

Our average class size is 25 students. Periods are 40 minutes. Our teachers are responsible for up to 21 classes per week. We take pride in our collegial environment fostering constant, positive feedback so we are always using the most modern and effective methods.

## Grow

Our International Program has continually grown in student population, student opportunities, staff size and staff opportunities. We've increased student enrollment by 33% the last three years and our staff has increased by 50%. Our second year teachers are sent for professional development classes at cities across China.

## Explore

With our own international airport and two train stations, including our high-speed station, we have easy access to some of the greatest cities on the planet and the rest of the world is accessible during many of our

## Develop

Stability, professional development, and career options help us grow. Our academic chair started here as an English teacher four years ago and has taught for 15 years. Our assistant academic chair is also on his fourth year here after 12 years of teaching psychology and English. Our curriculum coordinator started as our economics teacher. This is his third year here, his 5<sup>th</sup> in China, and his 6<sup>th</sup> overall.

## Rest Assured

We've been here for a decade and we keep growing and getting better. It's a secure teaching job with:

- Great Kids
- Great Salary
- Low Cost of Living
- Career Opportunities
- Minimal Teaching Hours
- Abundant Travel Opportunities
- Professional Development Opportunities

We look forward to meeting new team members.
