# About My English School

---

"Hi, I'm Luigi Sguerri, CEO of My English School, and in 2011 I had an idea – to open up a brand new English school in Italy, which would be out of the ordinary – unlike anything else!

Now MyES numbers more than 25 schools in Italy and we are still growing!

We are really proud to be an innovative leader in the world of EFL, to be a fun and friendly place to work and study, and above all a place where people, MyES students and MyES team members, come first.

That was our vision, and now it is becoming reality all over Italy, wherever you see the MyES sign."

### **Like Home**

Sofas, plants, rugs, pictures and TVs!

### **Communicative Method**

Students speaking. Students at the center.

### **Flexible**

Students aren't tied to groups, and book according to their availability. They can cancel, change times and rebook.

### **Technology**

Online activities for blended learning, and TVs as audio-visual resources in the classroom.

# Our Communicative Method

## Student Centered

---

Students do the speaking, teachers encourage, guide, check, correct and train.

## Fun and Friendly

---

Enjoyable, natural lessons with lots of roleplay, speaking and realistic language.

## Technology

---

Visuals on screen take emphasis off teacher for language input. Online Warm Ups before lesson prepare students for content.

## Small Groups

We put our ideas together to come up with creative new ideas for our students, to give them the chance to speak English and meet people in a natural setting, outside of lessons.
